Review the material in this section to prepare for the Self Test. The Self Test will check your understanding of this section. Any items you miss on this test will show you what specific areas you need to restudy.

I. WHAT IS A DESERT?

A desert is a place where very little rain falls and very few plants grow. Most deserts are very hot, too. Very few plants and animals can live in a desert because of the heat and lack of food.

has created life. Special plants and animals can live in the hot, dry deserts of the world. People, also, have learned how to live in the desert. They use the plants and animals God put there to help them survive.

Even in the desert, however, God

Review these objectives. When you have completed this section, you should be able to:

2. Know the continents and some map features.
